

ACS TECHNICAL SUPPORT NETWORK

The ClutchTech technical support database has been developed by Australian Clutch Services to make finding general clutch technical information, vehicle specific user guides and helpful hints and tips as easy as possible for technicians around Australia.

ONLINE VIDEO SERIES

The ClutchTech video series includes over 50 technical videos that explore various clutch topics including everything from basic installation tips and tricks to vehicle specific guides and DCT installation procedures.

These videos are all available on the Australian Clutch Services YouTube Channel which can be found by scanning the QR code.

TROUBLESHOOTING GUIDE

The ClutchTech Troubleshooting Guide can be found on the ACS website and is an easy to navigate database that covers the most common clutch related failures and how to diagnose them. This guide can be helpful when ordering components that may need replacement such as hydraulics and accessories. Scan the QR code to visit the Troubleshooting guide.

SALES & TECHNICAL SUPPORT TEAM

Of course, if you can't find what you are looking for in the ClutchTech video series or Troubleshooting Guide, our friendly sales and technical support team are here to help. Simply call the ACS Head Office on 1800 CLUTCH (258 824) and follow the prompts to sales.

"Our mission is to provide the highest Quality, Innovation & Service to our customers across Australia and around the world"
