

CLUTCHPRO FEATURE

CLUTCH CABLES

Australian Clutch Services offer a comprehensive range of replacement clutch cables for popular makes and models. The ClutchPro Clutch Cable range is the ideal solution for workshops looking to replace the cable at the same time as their clutch kit.

Clutch cables are an important part of the clutch actuation system and stretched or damaged cables are a common cause of clutch release issues. ClutchPro clutch cables offer exceptional quality and include all of the necessary components for installation such as firewall grommets etc. as required.

- High Quality Replacements
- Stock Holding Throughout Australia
- Extensive Range Coverage
- Includes All Required Componentry for Installation
- Inner Wire Lubricated as Required

The Clutch Cable range now appears on the Australian Clutch Services online catalogue. To find a clutch cable for your vehicle, please visit www.australianclutch.com.au
