

New Products Release

August - September 2017

Agricultural Clutch Systems

The agricultural range covers farming tractors and equipment with various components readily available throughout our warehousing facilities. The AG Clutch Range covers a vast range of tractors including equipment made in Japan, Korea, America, China, Italy, England, Korea and many more. PTO components are also an important part of the agricultural range and are often in stock at AG Clutch

Industrial Clutch Systems

Whether it be for a wood chipper or a bulldozer, we have the largest range of individual components and complete clutch kits. AG Clutch also has access to a large distribution network and 8 warehouses around Australia meaning you can get that vehicle or equipment back into operation as quickly as possible.

Forklift Clutch Systems

Rely on the best for your Forklift with AG Clutch. For over 25 years, the staff at AG Clutch have been manufacturing, supplying and modifying forklift clutch kits and equipment. AG Clutch offers a comprehensive range of forklift clutch kits and clutch components for a wide range of makes and models.

Marine Clutch Systems

AG Clutch doesn't just supply clutch kits and components for land based vehicles, we also provide clutch components for watercraft including ski boats, fishing boats, charter vessels and luxury yachts.
