## LDV LIGHT COMMERCIAL VEHICLES

As part of Australian Clutch Services mission to provide the “highest Quality; Innovation & Service” ACS continues to expand our range of clutch products for both new and old vehicles.

The LDV vehicle range is becoming popular throughout Australian and New Zealand and ACS now cater for these vehicles. Whether it be a T60 utility or a G10 or V80 van with 5 & 6 speed transmissions, ACS now range ClutchPro kits and flywheels for these applications with heavy duty options also available.

For more information and to see the complete range of listings, please visit the Australian Clutch Services websites [www.australianclutch.com.au](http://www.australianclutch.com.au) or [www.australianclutch.co.nz](http://www.australianclutch.co.nz)
